

# The *P* *o* *i* *n* *t*

CASCADE CACTUS & SUCCULENT SOCIETY of Washington State

August 2018

Seattle, Washington

**Saturday and Sunday,  
September 7 - 9  
Sky Nursery  
18528 Aurora Ave. N.  
Seattle**

Help get the word out! Bring family and friends to our annual plant sale. They will be sure to find an unusual plant that will capture their fancy.

Set up begins on Friday the 7th, from 1pm to 6pm. Please plan to set up on Friday. Saturday mornings are very crowded with customers.

The *show* aspect is popular as well as the sale. If you would like to show a plant, please label it NFS. There will be a special table designated for show plants!

Show quality plants at a club meeting

## TOPSS

### It's Sale Time!

If you are selling, plan to be at Sky Nursery on Friday, September 7th between 1-6 p.m. to set up.

All plants should be labeled, pots cleaned and plants free of pests. Also if you have an exceptional plant for the show table, bring that along as well. If you will be setting up on Saturday at 8 a.m. let Karen know. [ksummm@hotmail.com](mailto:ksummm@hotmail.com).

If you haven't told her that you are selling, it's too late. The number of tables needed has already been reported to Sky Nursery. This was based on sellers who indicated they would be present for the sale. Also be sure there are two tags per pot.

Price	Genus / species / common names
Price in whole or half dollars only.	Your initials

TOPSS revenues support our club! Proceeds from our plant sales are distributed 20% to the club and 80% to the seller. Our club is using Square which accepts both credit and debit cards providing there is a MasterCard, Visa, American Express, Discover or JCB logo.

Not sure how to price your plants for TOPSS? Google prices on-line, here are a few to check out for ideas:

## News from our Members

Karen Hart has a brand new unworn shirt for sale in a Men's large. Will sell for \$24 (not charging the \$6 shipping) contact her at [ckhart385@comcast.net](mailto:ckhart385@comcast.net)

### Also

Here is how to order t-shirts with the club's new logo: control + Click on this icon

[View This Design](#)

Or use the link below

The T-shirts feature an original watercolor design of our native pediocactus.

- 1) You will need to create your own account to order
- 2) You will need to save this design to your account
- 3) when asked if you want "screen print" or "digital"--choose "digital"

Delivery is guaranteed no later than 7 days after you order.

Free shipping for orders >\$100. Otherwise standard shipping per order less than \$100 is \$5.99

This site is fun. You can choose your own color and see what it looks like.

You can also leave notes for the art department in the Save/Load tab; such as requesting a pre-view image of your shirt or that the design be a maximum size.

New products will be added in the future. The newest product coming is a blanket.

## RECAP

The day started at the gardens of Elandan. Every article in the shop and garden is a one of a kind unique piece. A few hours is really needed to peruse the grounds, views and shop.

About 16 members plus four new members had a great time hanging out under the mystical beads in the Casebolt's 'Ruin'.

The day ended with special growing instructions from Scott Vergara, owner of "Bogs of Doom" (nursery closed to the public) He brought a nice selection of carnivorous plants for purchase.

Display at Elandan's sedum and bonsai in rock

*Correction* to the August 2018 issue of *The Point*. The mailing page had a photo that was misidentified as a *Oreocereus celsianus*. The question is out to the Conservatory. No answer as yet to correctly identify the plant. It has the look of a melocactus as identified by our member Giselle.
